## We have a real need...Please read!

As many of you know we have been in real need for a vehicle. We currently have a 1994 Chevy G20 Conversion van with 230,000 miles on it.

While it has been a very durable vehicle, it has cost us almost \$9000.00 to maintain it since 2010.

We have had some major break downs, including the transmission, the rear-end, the rear springs, and the air conditioning unit. The LORD has supplied EVERTIME as he always does.

It has been one of those situations to where something would go down, be fine for a few months, and then something else major!

We had a man in Kentucky give us a bus, and another man in North Carolina give us the 2005 Sprinter Van.

I checked on converting the Bus, and it was going to be \$40,000.00, 5 miles to the gal-

lon, and diesel fuel at \$4.00 a gallon.

It was a blessing to get the Bus, but not feasible for our family.

I decided that I would sell the bus for about \$15-20,000.00 and take that money and convert the Sprinter van from the cargo van to a conversion.

I spoke to the man that gave the bus, and quite frankly he didn't like that at all, so he took his bus back! Easy come, easy go!

So!! In order to get this Sprinter van that the man in North Carolina gave us on the road for our family to use, I need to raise about **\$20,000.00** to convert the van.

It only has 69,000 miles on it. It has a Mercedes engine in it, and gets about 23 miles to the gallon. Our current van only gets 10. It needs a little body work, and a new paint job.

It also needs to be insulated on

the inside, new wiring for a roof mount air unit, carpet, new seats, and 2 bunks in the back for some of us to sleep while traveling. We are currently on a pace to do 60,000 miles this year. This will help tremendously.

Our trailer has over **600,000** miles on it, (That's not a misprint. HAHA...) and is 10 yrs old. This will allow us to get a new one as well. A new trailer is \$2150.00.

This should set us up for several years.

I am prepared to get a loan for all this but several folks and supporting pastors have asked us to put this need out there for our supporting churches to help us.

**Again we need to raise a total of \$20,000.00.**

Just to the right you can find out how to help. God Bless you, and thank you for supporting us.

## How can I help?

- 1ST OF ALL PRAY FOR US!
- IF WE HAD **20 CHURCHES** OR INDIVIDUALS GIVE **\$1000.00** WE WOULD BE DONE...OR
- **40 CHURCHES** OR INDIVIDUALS AT **\$500.00**-OR
- **80 CHURCHES** OR INDIVIDUALS AT **\$250.00**
- **SOME MAY CAN DO MORE, SOME ONLY A ONE TIME OFFERING.**
- WHATEVER IT IS...THE ENTIRE AMOUNT WILL GO TOWARDS THE COVERSION AND NEW TRAILER.

## Where do I send the support to?

Send the support to our mission agency; Make checks payable to;

The Gospel Preachers Association  
PO Box 465177  
Lawrenceville, GA  
30042-5177  
1-770-995-7045

On the memo of the check just put, "Van fund for The Sampsons."

We will receive 100% of the support.
